

Guide to Disability Parking Downtown Ann Arbor

All Are Welcome In Downtown Ann Arbor!

If you need disability parking accommodations, please reference this map for available locations. All parking structures have barrier free elevators and all parking lots and curb side parking are near sloped entries to sidewalks.

All AATA buses are equipped with either lifts, ramps, or kneelers. Your driver will assist you in using one of these boarding aids. For more information about AATA services and routes, visit www.aata.org or call (734) 996-0400.
